About the Academic Education Programs sponsored by the Ministry of Commerce of the People's Republic of China for Developing Countries

The Academic Education Programs sponsored by the Ministry of Commerce (MOE) of People's Republic of China for developing countries initiated in 2008 offers master's and doctoral programs for the purpose of educating high-end and

inter-disciplinary talents working in the applied fields of government, trade, foreign affairs, agriculture, technology, education, culture, health, energy, transportation and public administration, building intellectual capacity and facilitating the economic and

social development of the recipient countries. These programs provide assistance to government officials, research fellows, and senior managerial personnel on their master's and doctoral education in China, which are fully conducted in English. Admission requirements include a bachelor's degree, relevant working experiences, and decent physical conditions, essential for the high-compact curriculum needed for the degrees.

The program helps graduates undertake an increasingly significant role in the economic development cooperation between China and their home countries, highly valued by the government of the recipient countries.

About the program of Master of Education in Educational Leadership and Policy (M.Ed-ELP) at ECNU

East China Normal University (ECNU) is a leading research university in China, with distinguished programs in education.

Since Fall Semester of 2010, ECNU has started a one-year Master of Education in Educational Leadership and Policy (M.Ed-ELP) Program, approved by both of the Ministry of Education and the Ministry of Commerce, the People's Republic of China. This program is an important measure for East China Normal

University to promote education internationalization, develop into a higher-level institution, and cultivate talents in the field of education from developing countries. It is an integral part of China's international education assistance program based on equality and mutual benefit, and also a joint action of South-South and North-South cooperation on the realization of Education 2030 and sustainable national development.

It is featured by 1) originality. It is the first master program of a developing country aiming to cultivate future education leaders in other developing countries that are in urgent need of education reform; 2) combining local practices with international norms. The curriculum and teaching evaluation, not only reflecting Chinese characteristics, but also boasting the strengths of the same major at world-famous universities, guarantee the international quality standard of the program; 3) combining teaching with applied research; 4) combining academic and practical teaching. Modular teaching, case studies and in-depth practice are regarded equally important; 5) International teaching team based on the teaching strength of ECNU and China.
